## RIDE SMART

**SLOW DOWN BEFORE YOU SPEED UP.** Crashes can happen on your first lap. Ride the trail multiple times to get familiar with the features and equipment you're on so you can confidently push your limits without pushing your threshold. Jumping skills are required for free-ride trails.

## PRE-RIDE

Warm up the brain and body by inspecting the trail at low speed. Take the time to check your equipment.

## RE-RIDE

Lap the trail a few times and get to know the flow of the feature.

## FREE-RIDE

Start small and work your way up to faster speeds and larger features.

**TRAILS CHANGE DAILY**

## UNDERSTANDING BIKE PARK SIGNAGE

All routes within the Bike Park are designated by colour-coded trail markers at the start of each descent. Trails with an orange oval indicate freeride trails with man-made features and may require jumping skills. Work your way up to more advanced trails and features based on your progression, skill and comfort level.

### FREERIDE

Freeride trails are machine-cut and contain man-made features. Routes may be enhanced with dirt jumps, roller-coaster features, gaps, narrow surfaces, wallrides, berms and other natural or constructed features. All freeride trails are identified with an orange oval.

**JUMPING SKILLS ARE REQUIRED**

### TECHNICAL

Technical trails are designed to embrace the rugged shape and terrain of the mountain, utilizing a variety of natural terrain, berms and typically hand-built and feature organic obstacles and stunts such as rocks, roots, logs, drops, jumps & other natural or constructed features that require technical riding skills. Technical trails are identified by just their difficulty symbol. Jumping skills may be required.

### TRAIL RATINGS

| BEGINNER     | Trails with obstacles such as gaps, roots, rocks, patches and bridges. MUST HAVE GOOD & BEYOND BERMES.                                                                                                                                                                                                                |
|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| INTERMEDIATE | Challenging riding with steep drops and/or obstacles, possibly to narrow trails with man-made obstacles and features. These trails are not limited to jumps, drops, roots, rocks & other terrain variations. MUST BE A COMPETENT MOUNTAIN BIKE RIDER.                                                                 |
| ADVANCED     | Difficult riding with a mixture of long steep descents, loose trail surfaces, numerous natural & man-made obstacles and features. These trails are not limited to jumps, drops, roots, rocks & other terrain variations. MUST BE A COMPETENT MOUNTAIN BIKE RIDER.                                                     |
| EXPERTS ONLY | Highly difficult riding. Some descents that will be considered include large man-made and natural jumps & obstacles, steep drops, exposed narrow trails, drops, roots, rocks & other difficult terrain variations. MUST BE A COMPETENT MOUNTAIN BIKE RIDER WITH VERY ADVANCED BICYCLE SKILLS AND A LOT OF EXPERIENCE. |

|      |                      |
|------|----------------------|
| #19  | RUBBER DUCKY         |
| #29  | LOWER RUMPLESTUMPKIN |
| #20  | MONORAIL             |
| #32A | TOP GUN EXTENSION    |
| #32  | TOP GUN              |
| #39  | LIZARD LANE          |
| #34  | BIN LOGDIN           |
| #33  | MR. BERMS            |
| #13  | GT RACER             |
| #17  | BEN'S BIG RIG        |
| #10  | DUFF DYNASTY         |
| #35  | EVILLE               |
| #6   | DEER TRAIL           |

JUMPING SKILLS ARE REQUIRED

TRAILS LISTED ABOVE ARE RANKED IN ORDER OF DIFFICULTY

Freeride trails contain machine-cut and man-made features like dirt jumps, boxes, gaps, narrow surfaces, wall rides and berms.

## TRAIL PROGRESSION

Technical trails embrace the rugged shape and terrain of the mountain and contain technical obstacles and stunts such as rocks, roots, logs and drops. Technical trails can contain Freeride features.

TRAILS LISTED BELOW ARE RANKED IN ORDER OF DIFFICULTY

|              |                                          |
|--------------|------------------------------------------|
| #3 / 4       | BOOM / CEDAR                             |
| #16          | HOBBITS TRAIL                            |
| #26          | LIL 'MISS BUFF IT                        |
| #18          | HONEY BEE                                |
| #22          | HOLLOW TREE                              |
| #23          | HOLO BIKE                                |
| #25          | FAR OUT                                  |
